UYEMURA
Japan

Corporate Profile

公司简介

Uyemura International (Hong Kong) Co., Ltd. was established in 1986 to provide chemical solutions and facilities for electroplating, electroless plating and other surface finishing processes, catering to various industries in mainland China and other emerging markets of Asia.

上村（香港）有限公司于1986年成立，为业界提供表面处理化学药品及电镀设备，致力为中国内地及亚洲其他新兴市场的各行各业提供服务。

As a wholly-owned subsidiary of the global Uyemura Group, our company draws on the proprietary Japanese technology and know-how of its parent company to provide a wide array of products, which primarily include:

- Surface finishing chemicals
- Polishing compounds
- Plating and surface finishing equipment

作为国际企业“上村集团”的全资附属公司，公司拥有独家的日本技术以及母公司的专业知识，能提供各种各样产品，主要包括：

- 表面处理化学药品
- 研磨剂
- 电镀生产线及设备

Uyemura Hong Kong

上村（香港），品质至上，业内翘楚

Manufactured by our 26,000 sq metre factory in Uyemura (Shenzhen) Co. Ltd., these products are tailored to the needs of different sectors, from semiconductors and PCBs to automobiles, electronics, decorative plating and several others. Backed by professional third-party accreditations including ISO 9001:2015 and ISO14001:2015, our products were subject to stringent quality control to ensure they remain free of quality defects and hazardous substances and meet the compliance requirements of the international export markets.

产品由公司位于深圳占地 26,000 平方米的上村工业(深圳)有限公司制造，为半导体和印刷电路板、汽车、电子设备、装饰镀层等各行各业提供设身定制的服务。上村的产品已取得专业的认证，包括 ISO9001: 2015 以及 ISO14001:2015，且具备严格的品质监控，确保产品不存在品质缺陷和危险物质，符合国际出口市场的要求。

WE ARE LEADER

We are the leader in the R&D and production of the chemical materials and facilities for electroplating and other surface finishing processes.

行业的领先者

在药品制造、研发及电镀设备制造上，我们都是行业的领先者。

Our growing presence in Shenzhen, Shanghai, Zhuhai, Suzhou and Yantai, coupled with the two chemical laboratories operated by us on the mainland, provide a robust network of contact and support to our clients.

Apart from our superior-quality products, Uyemura Hong Kong is also committed to providing a personalized, one-stop range of service and technical support for the different product types it offers.

我们在深圳、上海、珠海、苏州及烟台的业务规模日益扩大，加上在内地设有两个化工实验室，为客户提供强大的沟通及支援网络。

除拥有超高品质的产品之外，上村（香港）亦致力为每种产品提供个性化、一站式的服务及技术支援。

LATEST TECHNOLOGY AND EQUIPMENT OF THE INDUSTRY

最新的技术和设备都在行业上广泛应用

Our parent company Uyemura Group came into existence in 1848 to engage in the chemicals and electroplating business. Known as C. Uyemura & Co. Ltd then, it was incepted in Osaka when Japan was undergoing accelerated industrial growth.

The company was officially listed in the Second Section of the Tokyo Stock Exchange in 1997. In fact, from the 1970s onwards, its growth continued unabated, both locally and abroad, to establish C. Uyemura & Co. Ltd as a global leader in surface finishing.

Presently, Uyemura Group presides over a network of overseas branches, subsidiaries and affiliates in Japan – including Osaka, Tokyo and Nagoya – as well as around the world in the USA, Shenzhen, Shanghai, Hong Kong, Taiwan, Korea, Thailand, Malaysia, Singapore and Indonesia. Uyemura Hong Kong, which was inaugurated in 1986 as a joint venture, is now one of the Group's wholly-owned subsidiaries.

Uyemura Group maintains a close relationship with its Hong Kong office, to which it supplies a wide range of plating chemicals, polishing compounds and equipments; R&D and technical support plus corporate/factory management expertise.

我们的母公司“上村集团”于 1848 年成立，从事化工品及电镀业务。母公司原称 C. Uyemura & Co. Ltd，在当时日本工业发展迅速的时期创立于日本大阪。

母公司经过多年经营以及工厂的扩展，于1997年在东京证券交易所第二板正式上市。事实上，自1970年代以来，母公司无论在日本及海外市场的增长速度仍然持续，令 C. Uyemura & Co. Ltd 在全球表面处理行业稳居领导地位。

时至今日，上村集团在全世界拥有庞大的分公司、附属公司及联属公司网络，遍布日本大阪、东京及名古屋，以及美国、深圳、上海、香港、台湾、韩国、泰国、马来西亚、新加坡及印尼等。上村（香港）在1986年成立为一间合资公司，现已成为集团的全资附属公司之一。

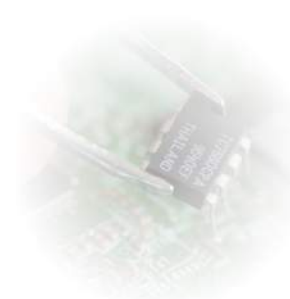

上村集团与其香港办事处维持密切联系，除供应各种电镀药品、研磨材料及设备外，并提供研发及技术支援以及企业／工厂的管理专长。

PARENT
COMPANY
母公司

1986

Established Uyemura-Solar Co. Ltd, a joint venture by C. Uyemura & Co. Ltd with a Hong Kong company, Solarbright Co., Ltd.

日本上村工业株式会社和香港旭光有限公司合资组成「上村旭光有限公司」。

2002

Received "Advanced Unit of Year 2001 - Manual Labour Management of Nanshan District" Award in the PRC.

深圳南山上村旭光有限公司获评为中国深圳市南山区体力劳动管理—2001年先进单位。

2004

Shenzhen Nanshan Uyemura-Solar Co. Ltd. received the "Advanced Unit for Recruitment of Physically Disabled Workers by Employee Ratio" Award.

Shenzhen Nanshan Uyemura-Solar Co. Ltd received the "6th Foreign Enterprises Corporate Athletic Event - Sportsmanship and Ethics" Award in the PRC.

Shenzhen Nanshan Uyemura-Solar Co. Ltd was accredited with ISO 9001:2000 certificate.

深圳南山上村旭光有限公司获得「残疾人按比例安排就业先进单位」奖。

深圳南山上村旭光有限公司获得中国「第六届外商投资企业运动会—体育道德风尚奖」。

深圳南山上村旭光有限公司获得ISO 9001:2000证书。

1988

Established Shenzhen Nanshan Uyemura-Solar Co. Ltd, a joint enterprise in Shenzhen, People's Republic of China (PRC).

在中国深圳成立合资公司「深圳南山上村旭光有限公司」。

2003

Shenzhen Nanshan Uyemura-Solar Co. Ltd. received the "Advance Technology Project" Certificate in the PRC.

深圳南山上村旭光有限公司取得「高新技术项目」认证。

2005

Shenzhen Nanshan Uyemura-Solar Co. Ltd. received "Advanced Unit of year 2004: Employment Arrangements for the Physically Disabled in Nanshan by Employee Ratio" Award.

Shenzhen Nanshan Uyemura-Solar Co. Ltd was renamed Uyemura-Solar (Shenzhen) Co. Ltd.

Uyemura-Solar Co. Ltd. was accredited with ISO 9001:2000 Certificate.

深圳南山上村旭光有限公司获得「2004年南山区残疾人按比例安排就业先进单位」奖。

「深圳南山上村旭光有限公司」更名为「上村旭光化工机械(深圳)有限公司」。

上村旭光有限公司获得ISO 9001:2000证书。

Milestones 里程碑

2006

Uyemura-Solar (Shenzhen) Co. Ltd opened factory in Longgang, PRC.

上村旭光化工机械（深圳）有限公司在深圳龙岗区开设新工厂。

2008

Uyemura-Solar (Shenzhen) Co. Ltd was accredited with ISO 14000 Certificate.

Uyemura-Solar (Shenzhen) Co. Ltd received "Shenzhen Municipal Clean Production" Award.

上村旭光化工机械（深圳）有限公司获得 ISO 14000 证书。

上村旭光化工机械（深圳）有限公司获得「深圳市清洁生产企业」奖。

2011

Uyemura-Solar (Shenzhen) Co. Ltd received "Shenzhen Municipal Poverty Relief" Award.

上村旭光化工机械（深圳）有限公司获得「深圳市扶贫济困突出贡献」奖。

2007

Uyemura-Solar (Shenzhen) Co. Ltd received "Advanced Technology Enterprise" Certificate.

上村旭光化工机械（深圳）有限公司获得「先进技术企业」证书。

2009

Uyemura-Solar (Shenzhen) Co. Ltd's ISO 9001:2000 accreditation was upgraded to ISO 9001:2008.

Uyemura-Solar (Shenzhen) Co. Ltd received the "Advanced Unit of Occupational Injury Prevention" Award.

上村旭光化工机械（深圳）有限公司的 ISO9001:2000 证书升级至 ISO 9001:2008。

上村旭光化工机械（深圳）有限公司获得「工伤预防先进单位」奖。

2013

Uyemura-Solar Co., Ltd was renamed Uyemura International (Hong Kong) Co., Ltd.

Uyemura-Solar (Shenzhen) Co., Ltd was renamed Uyemura (Shenzhen) Co., Ltd.

上村旭光有限公司易名为上村（香港）有限公司。

上村旭光化工机械（深圳）有限公司易名为上村工业（深圳）有限公司。

MISSION STATEMENT

宗旨声明

Uyemura Hong Kong Is Focused On Achieving Complete Customer Satisfaction

上村（香港）矢志为客户提供百分百称心满意的服务

We strive to provide best-in-class, reliable services by:

- Upgrading our technological know-how to improve our products in quality, function and variety.
- Providing personalized, comprehensive service and technical support.
- Stringent implementation of the ISO 9001 Quality Management System on a continual basis.

我们致力提供的可靠服务：

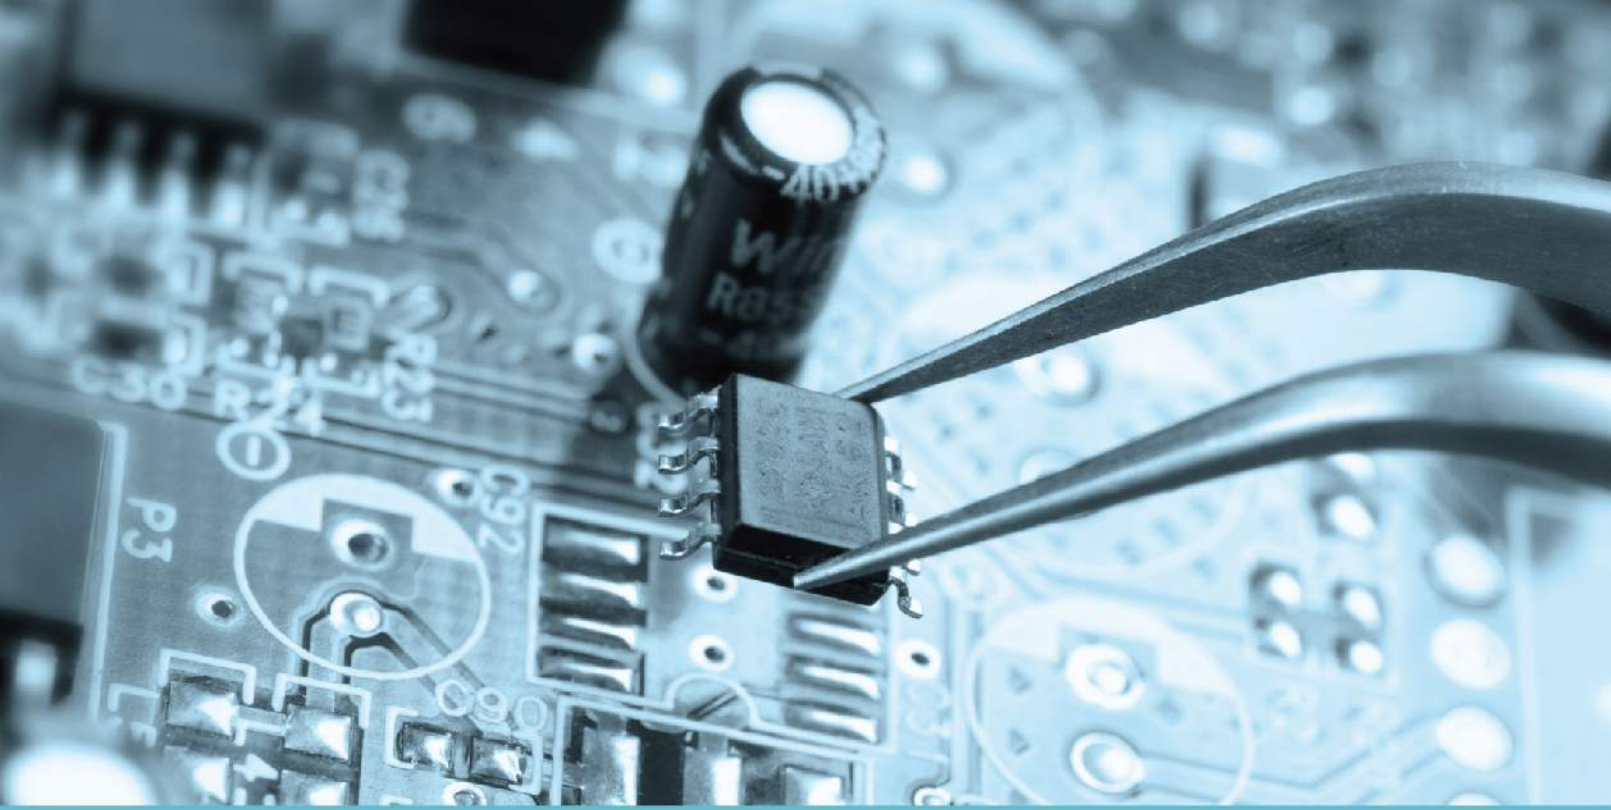

- 提升顶尖级技术水准，以改善产品品质、性能及种类。
- 提供个性化、全面的服务及技术支援。
- 始终严格执行 ISO 9001 品质管理体系的要求。

FACTORY

工場

Uyemura Hong Kong operates a wholly-owned 26,000 sq. metre factory in the Pingshan new District in Shenzhen named as Uyemura (Shenzhen) Co., Ltd.

Entering operation since November 2006, the production base has different buildings dedicated to chemicals manufacturing, polishing compound manufacturing and machinery manufacturing.

Besides its Manufacturing Department, the company's R & D Department, Sales Department and Factory Administration Department are also housed there.

The factory is headed by experienced managers from Japan, Hong Kong and China, with a diverse staff team of engineers, designers, QC experts, customer service specialists,

上村（香港）在深圳坪山新区全资拥有一个占地 26,000 平方米的工厂，名为上村工业(深圳)有限公司。

该生产工厂于 2006 年 11 月开始营运，工厂的各幢大楼分别专门负责化学药品制造、研磨剂，及机械的生产等。

除生产部门外，工厂还设有公司的研发部门、销售部门及工厂行政部门。

工厂主管均由日本、香港及中国内地经验丰富的管理层担任，并拥有各种职能的员工团队，包括工程师、设计师、品质控制专家、客户服务人员、行政人员及生产组员等。

PROFESSIONAL / INDUSTRY AWARDS AND ACCREDITATIONS

COMPETITIVE STRENGTHS

竞争优势

Depth Of Market Experience

丰富的市场经验

There is no substitute for practical market knowledge and experience. Uyemura Hong Kong has been operating for more than 25 years in the region. So we know the Hong Kong and China markets intimately and know what our customers need and want.

Due to the depth of local knowledge we command, our company is able to offer valuable information to customers, for instance, about operational parameters and environmental regulations on the mainland, thus increasing the likelihood of success in this intricate market.

我们实际的市场知识及经验在业内无出其右。上村（香港）已在亚洲区营运超过25年。我们深谙香港及中国内地市场的要求和特性，并了解客户的需求与期望。

我们十分熟悉本地的情况，因此能够为客户提供有价值的资讯，例如关于操作上的指标以及中国内地环境法规的事宜等，从而在这个复杂的市场内提升客户的成功机会。

Total Commitment

全心全意为客户服务

Uyemura's partnership with its clients far exceeds the typical vendor-customer relationship. We attend to our customers' operational, maintenance and repair needs not only during the duration of an assignment but also in the subsequent years of the project's life-cycle.

上村与客户之间，远远超乎一般供应商与客户的关系。不仅在项目进行期间，而且在项目生命周期内任何时间我们都会满足客户在营运、维护及维修等方面的需求。

Single Point Of Contact And Accountability

专责联系点

Uyemura Hong Kong delegates a Customer Service Representative as a single point of contact to every customer and handles all their technical and servicing needs. This will remove all ambiguity over who to communicate with whenever any need or contingency event arises.

上村（香港）会为每位客户委派一名客户服务代表，作为其专责的联络人，帮助客户处理一切技术及服务需求。这样就能在客户有任何需求，或出现紧急事件时有明确的联络对象。

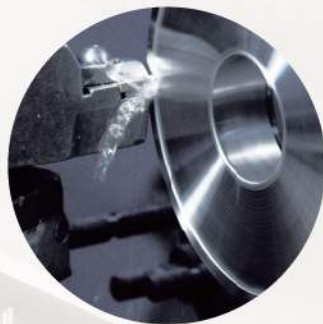

Extensive Staff Knowledge And Operational Expertise

员工拥有丰厚的专业知识及操作专长

Our professional staff members are well-versed and experienced in all types of surface finishing chemicals and systems. They work closely with every customer and recommend appropriate solutions that save time, control cost and finish the required tasks competently on schedule. We have proven competency in handling complex and challenging projects.

我们的专业员工全部训练有素且经验丰富，能够处理所有类型的表面处理化学药品及设备。与每位客户均保持紧密合作，并建议合适的方案以节省时间、控制成本以及在特定时间内出色地完成任务。我们曾成功处理许多复杂及有挑战性的项目。

One-stop Integrated Services

一站式综合服务

Its end-to-end integrated supply chain solutions create value and deliver measurable results for every customer.

公司的综合供应链解决方案可为每位客户创造价值并带来显著成果。

Flexibility

灵活应变

Uyemura Hong Kong is able to adjust quickly to our customers' dynamic product, operational and technical needs in the ever-changing marketplace.

在这个瞬息万变的市场，上村（香港）能够根据客户不断变化的产品、经营及技术需求迅速进行调整。

Personalized, Customer-centric Approach

个性化、以客为本的处事方式

It listens attentively to its customers' needs and serves them every step of the way to meet their expectations.

公司仔细聆听客户的需求，并在每一步都为客户提供贴心服务，达到客户的期望。

PRODUCTS

产品

Surface Finishing Chemicals

表面处理化学药品

Uyemura Hong Kong provides a wide range of surface finishing chemicals, primarily used in printed circuit boards and for decorative plating.

For PCB applications, our offerings range from pretreatment chemicals to copper, nickel, palladium, silver, tin and gold electroplating / electroless plating solutions.

For decorative plating, Uyemura's broad array of plating chemicals include copper, nickel and chrome plating and other solutions that can be applied on various substrates such as plastics. Hard chrome plating products are also available for heavy industry applications.

Surface Finishing Chemicals are highly sought after not just by the semi-conductor industry but also in several other sectors like automotive, heavy industry, electronics components, telecommunication products and kitchenware.

上村（香港）提供各种各样表面处理化学药品，主要用于印刷电路板电镀，装饰性及功能性电镀。

在印刷电路板方面，我们的产品包括前处理化工品，以及铜、镍、钯、银、锡及黄金等电镀／非电解镀层解决方案。

在装饰性及功能性电镀方面，上村拥有各种各样的表面处理化学药品，包括铜、镍及铬镀层，以至其他解决方案，能电镀于塑胶等各种基底上。另外，亦可为重工业提供硬铬镀层产品。

除半导体行业之外，汽车、重工业、电子元件、电讯产品及厨具等其他行业，亦非常乐于采用我们的电镀化学药品。

PRODUCTS

产品

Polishing Compounds

研磨剂

Uyemura Hong Kong distributes a variety of polishing compounds based on the R & D efforts and technological expertise of its parent firm Uyemura Group from Japan.

Our product line includes buffing compounds, polishing paste and abrasive chemicals, customized for applications on various substrates including steel, plastics, titanium alloy and for different target products such as dinnerware, sanitary fittings, automotive and household articles.

以母公司日本上村集团的研发能力及技术专长为基础，上村（香港）足以提供各种各样的抛光剂。

我们的产品系列包括研磨腊、研磨剂及相关的研磨产品，为各种基底提供设身定制的应用方案，包括钢铁、塑胶、钛合金等，适合各行各业使用，例如餐具、洁具、汽车及家居物品等。

PRODUCTS

产品

Plating and surface finishing equipment

电镀生产线及设备

Uyemura Hong Kong specializes in designing, engineering and developing a variety of plating equipment and machinery. Each line can be customized to the client's production operational needs and other specifications.

Some of the surface finishing systems offered by us include:

- Hoist Type Systems, such as the side-arm transporting type; overhead transporting type; gate-shape transporting type and vertical continuous plater for PCB.
- Plating equipment for small parts; Flow-through plater RP-2.
- Automatic analysis and replenishment device for electroless Ni chemistry; Starline Dash NP-3; Automatic analysis and replenishment device for electroless copper plating; Chemirobo3.

Optimal surface-finishing performance is achievable with the combined usage of Uyemura chemicals and surface finishing systems.

上村（香港）专门设计、生产及开发各种电镀生产线及设备，完全可根据客户的生产营运需求及其他规格而定制。

我们提供的设备包括：

- 全自动程序电镀装置，例如 UF 槽侧走行式行车、UF 天井式行车、UF 门型行车及铝材系统，还有供印刷电路板使用的垂直连续电镀设备等。
- 小型部品专用电镀设备 RP-2。
- 自动添加电镀液管理装置、Starline Dash NP-3、无电解镍电镀液自动管理装置 Chemirobo3。

结合使用上村的电镀化学药品及设备，就可达到表面处理的最佳效果。

SERVICES

服务

Chemicals

化学药品

Uyemura's proprietary chemicals cover a full range of plating applications and are supported by our dedicated technical support team.

Our services begin with a technical analysis of customer requirements, followed by recommendations on how the plating process can be executed for an optimal outcome at the lowest possible cost.

Chemical testing is subsequently conducted at our own laboratories and the samples offered for customer evaluation. Upon approval, small-volume production will commence in our factory and the prototypes are subject to evaluation repeatedly, to perfection.

With large-scale production completed, our technical support team will provide on-site consultancy and supervision of the application process. We will collect samples of the plating chemicals used and subject them in our laboratories to a more detailed analysis to ascertain application has been done correctly.

Even after a plating project is accomplished, Uyemura Hong Kong will continue to recommend new technologies and solutions to help its clients stay ahead of the market competition.

上村专有的化学药品能够提供所有电镀所需用途，并由我们专责的技术团队提供支援。

我们的服务首先会根据客户要求进行分析，然后对镀层工序作出建议做法，以尽可能低的成本换取可见的成效。

随后会在上村自设的实验室开展化学测试，再向客户提供样品以作评估。客户批准生产之后，我们的工厂会首先进行少量生产，然后对产品原型重复进行评估，力求至臻完美。

完成批量生产之后，我们的技术支援团队会对产品的应用提供现场咨询及监督服务。我们会提取客户的电镀化学药品的样品，在我们的实验室进行详细分析，以确保得到适当应用的产品。

即使在电镀项目完成之后，上村（香港）亦会继续为客户推荐使用新技术及解决方案，帮助客户不断在激烈的竞争中脱颖而出。

Equipment 设备

Uyemura Hong Kong can provide all of the technical support services required to get a customer's assignment from conceptual stage all the way through to a fully operational system, with the factory and environmental permits in place and its workers fully trained.

Upon being commissioned, our project team will undertake a feasibility study to determine the type of plating to be done, the deposit thickness, the equipment dimensions and scale and the quantity to be processed within a predefined time frame.

Other considerations include the process cycle, the bath chemistry, processing duration, the factory floor space and utility requirements, environmental compliance, worker safety issues and more.

从构思阶段直到全面运作系统的设计，只要客户的工厂及环境允许以及其员工接受我们的培训，上村（香港）都能为客户提供一切技术支援服务。

我们的项目团队在获委任之后将会开展一项可行性研究，以决定电镀生产线的类型、沉积物厚度、设备的尺寸和比例，以及在预定时间内需要加工的数量等。

其他考虑因素包括加工周期、槽液化学物、加工时长、工厂占地面积及设施要求、环境合规、工人安全事宜等等。

Each plating part and system is designed by our in-house team of engineers to reflect the specific operational needs, specifications and budget of every individual client.

Final system engineering will begin once the decision to proceed with the project has been made. Stringent quality control is undertaken during the manufacturing process. Concurrently, we will run training programmes for the customer's employees, teaching them the details of operating the system and troubleshooting.

Even after delivery, Uyemura continues to be involved in the onsite installation, pilot runs, maintenance and repair. In addition, we offer our valued clients the after-sale technical support they need for years to come.

每个镀层零件及系统均由我们内部的工程师团队设计，以满足每名客户的特定营运需求、规格及预算。

在生产过程中会始终保持严格的品质控制。同时，我们会为客户的员工开展培训，详细指导他们操作系统及修理故障维修。

即使在交付项目之后，公司亦会继续参与现场安装、试产、维护及修理工作。此外，我们亦会长期为客户提供售后技术支援。
